

Asia Pacific Initiative on Reproduction

ASPIRE

VIII MASTERCLASS

Ovarian Stimulation

&

Poor Responder

HIGHLIGHT OF SCIENTIFIC PROGRAMS

I Overview and Improved ovarian stimulation

- Topics related to ovarian stimulation and progesterone
- Oocyte Retrieval from Non-dominant Small Follicles
- Mild (minimum) stimulation

II Novel strategies for poor responder

- Topics related to POI Challenges
- Mitochondria research in ovarian stimulation
- Cytoplasmic donation
- Benefits of Resveratrol
- Adjuvant Therapy
- In-vitro Oogenesis from induced Pluripotent Stem Cells
- Oocyte donation

Clare Boothroyd
Care Fertility
Australia

Chii-Ruey Tzeng
Taipei Medical University
Taiwan

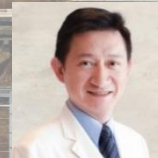

Budi Wiweko
Indonesia University
Indonesia

Scott M Nelson
Glasgow University
UK

Christos Venetis
New South Wales University
Australia

Wang Huai Lin
Stork Fertility center
Taiwan

Katsuhiko Hayashi
Kyushu University
Japan

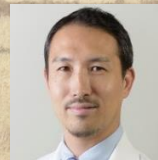

Bunpei Ishizuka
Rose Ladies Clinic
Japan

Keiichi Kato
Kato Ladies Clinic
Japan

Kazuhiro Kawamura
International University
of Health and Welfare
Japan

Keiji Kuroda
Sugiyama Clinic Shinjuku
Japan

Koji Nakagawa
Sugiyama Clinic Shinjuku
Japan

Hisashi Narahara
Ooita University
Japan

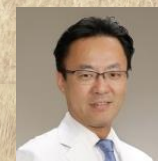

Sumihide Okamoto
ART Okamoto Women's Clinic
Japan

Yutaka Osuga
Tokyo University
Japan

Makio Shozu
Chiba University
Japan

Yodo Sugishita
St. Marianna University
Japan

Atsushi Tanaka
St. Mother Clinic
Japan

30th – 31th January, 2020
Keio Plaza Hotel, Tokyo Japan
